# Snowflake Practice Challenge

## HUGE CONGRATULATIONS!!

Since the 1st of October students have accumulated over 11,000 minutes of practice collectively.

Building practice routines is the most challenging part of studying music. Well done to everyone for showing such dedication and determination! Thank you also to parents and families for supporting this crucial part of learning.

Our next challenge will start on the 1st of February and take us through to the end of the school year. Keep an eye out for a theme that will have something to do with SPACE.....!
